

## **PARKING NOTICE**

In an effort to provide more efficient daily parking during the renovation of the parking garage, please note the following which will take effect on Friday, September 18:

- **Visitor Parking** will no longer be provided in the garage during the final phases of the ninth and tenth floor waterproofing. Visitor Parking remains available in the surface parking lot, located on the west side of Riverplace Tower.
- **Towing** signs have been installed at the entrance of the garage. The policy of towing cars will now be in effect for unauthorized individuals who park in spaces assigned to others.
- **Security Officers** will be positioned at the entrance to the parking garage in order to control access and discourage garage parkers from using spaces assigned to others.
